4. No buildings improvements or premises shall be occupied unless and until and except during such time as the same are erected and maintained in a safe clean and presentable condition and comply in all respects with any and all rules and regulations: (i) promulgated by any applicable public authority; or (ii) promulgated by The Grand Bahama Port Authority, Limited a Bahamian corporation pursuant to

an Agreement made with the Government of the Bahama Islands dated the Fourth day of August, A.D., 1955 and recorded in the Registry of Records of the said Commonwealth in Volume 8 at pages 447 to 479 inclusive as amended by an Agreement with the said Government dated the Eleventh day of September, 1960 and recorded in the said Registry of Records in Volume 353 at pages 186 to 350 inclusive; or (iii) specified in any Building Code from time to time established or promulgated by the Vendor in relation to the Subdivision.

5. No building or structure of any kind shall be erected constructed placed enlarged or altered in any manner except by a contractor duly licensed by the said The Grand Bahama Port Authority, Limited pursuant to the said Agreements referred to in paragraph 4 of this Schedule or by a contractor approved of in writing by the Vendor.
6. Not more than one water supply well at a time shall be placed on each Lot except that in the case of multiples or aggregations of Lots developed as a single unit wells equivalent in number to the number of Lots in such multiple or aggregation may notwithstanding anything hereinbefore contained be placed in such position or positions within such multiple or aggregation as the owner or owners thereof shall see fit. No well shall be placed closer than fifty (50) feet to a septic tank or disposal well. Water shall not (except with the prior written approval of the Vendor) be drawn from any Lot at a rate exceeding One Thousand (1,000) gallons per day for each acre (and so in proportion for any Lot having an area of less than One (1) acre). No well shall have a diameter of less than Four (4) inches or (except with the prior written approval of the Vendor) shall extend less than Eight (8) nor more than Ten (10) feet below existing ground water level.
7. No earth-closet or open pit-toilet or cesspit shall be constructed or maintained on any Lot. Except with the prior written consent of the Vendor no domestic wastes shall be discharged or disposed of otherwise than into a two-compartment septic tank of not less capacity than shall be approved of in writing by the Vendor. Except as aforesaid treated waste from a septic tank shall not be disposed of otherwise than through a cased well with a clear internal diameter of not less than

Four (4) inches and to a depth of at least Forty (40) feet below mean low sea level. There shall not be more than one disposal well for domestic wastes on each Lot and no disposal well or septic tank shall be placed nearer than Fifty (50) feet to any water supply well.
